Product Description. UeI Test Instruments designed the CD100A Combustible Gas Leak Detector to help professional service engineers detect combustible gas leaks in residential and small commercial applications.

UEi Test Instruments CD100A Combustible Gas Leak Detector

This breathalyzer was tested by DOT and meets the NHTSA model specifications. High accuracy, lightweight technology. Thanks to its accuracy of approximately 99,0%, the ACE II Basic was the test winner of a 2015 study conducted by the Technical University of Vienna concerning the accuracy and precision of different breathalyzers.

ACE Instruments - High Precision Breathalyzers

Product Description. The UEi 550B digital pocket thermometer is designed for real-world applications: protective rubber boot, magnet for hands-free operation, water-resistant display, auto power off to extend battery life, and a hard case sleeve that also serves as a convenient pocket clip.

MIXCHEK - Teledyne Analytical Instruments

A drug test is a technical analysis of a biological specimen, for example urine, hair, blood, breath, sweat, and/or oral fluid/saliva " to determine the presence or absence of specified parent drugs or their metabolites. Major applications of drug testing include detection of the presence of performance enhancing steroids in sport, employers and parole/probation officers screening for drugs ...

Drug test - Wikipedia

In various contexts of science, technology, and manufacturing (such as machining, fabricating, and additive manufacturing), an indicator is any of various instruments used to accurately measure small distances and angles, and amplify them to make them more obvious. The name comes from the concept of indicating to the user that which their naked eye cannot discern; such as the presence, or ...
